

Unit 1 Robot wristbands and ankle bands

Make some robot wristbands and ankle bands for Mouse. Cut out, place around Mouse's wrists and ankles, and secure with glue or tape.

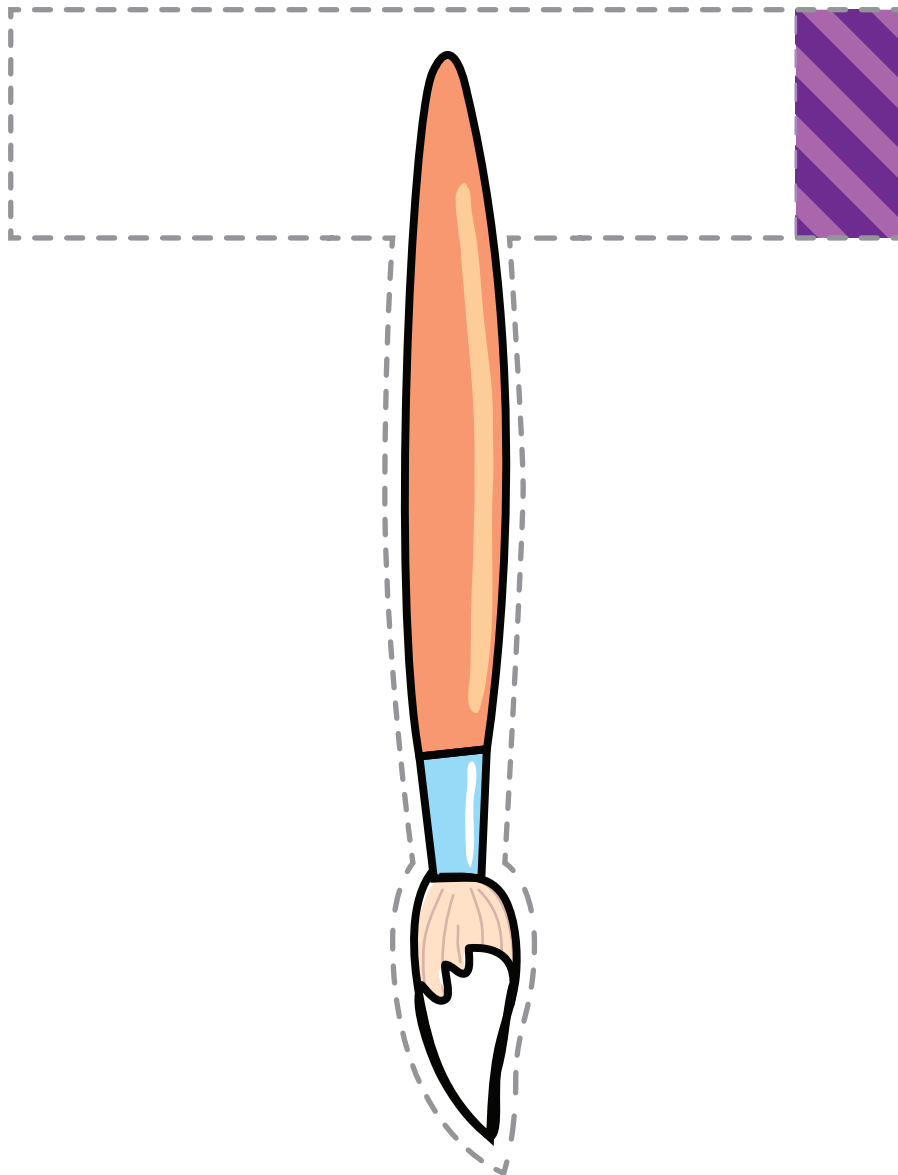

Unit 2 Monster hands

Make some monster hands for Mouse. Cut out, fold, and secure with glue or tape along the sides and top, then slide onto Mouse's hands.

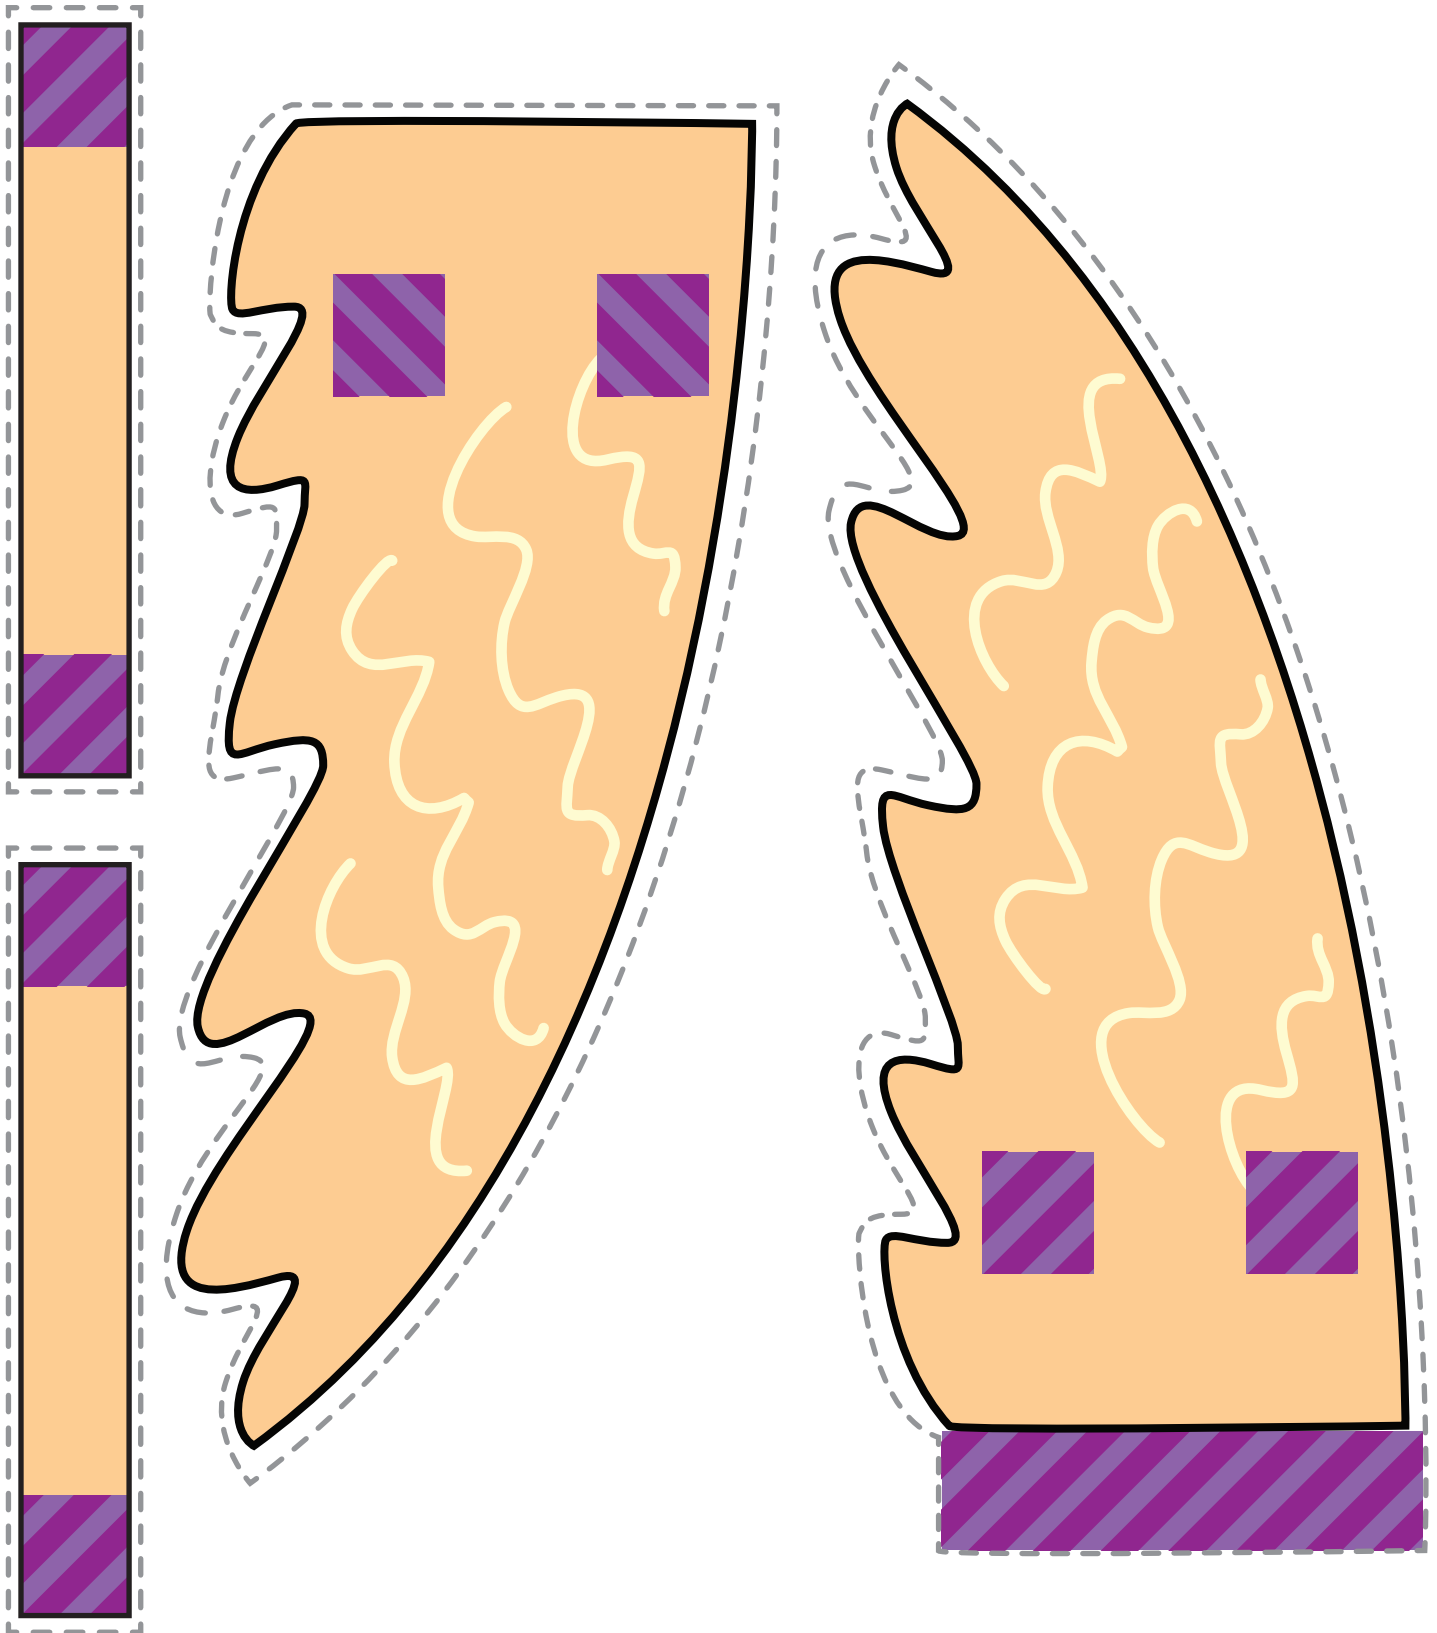

Unit 3 Artist's paintbrush

Make a paintbrush for Mouse. Cut out and secure the wristband around Mouse's wrist using glue or tape. You may wish to strengthen the prop by mounting it on cardboard first.

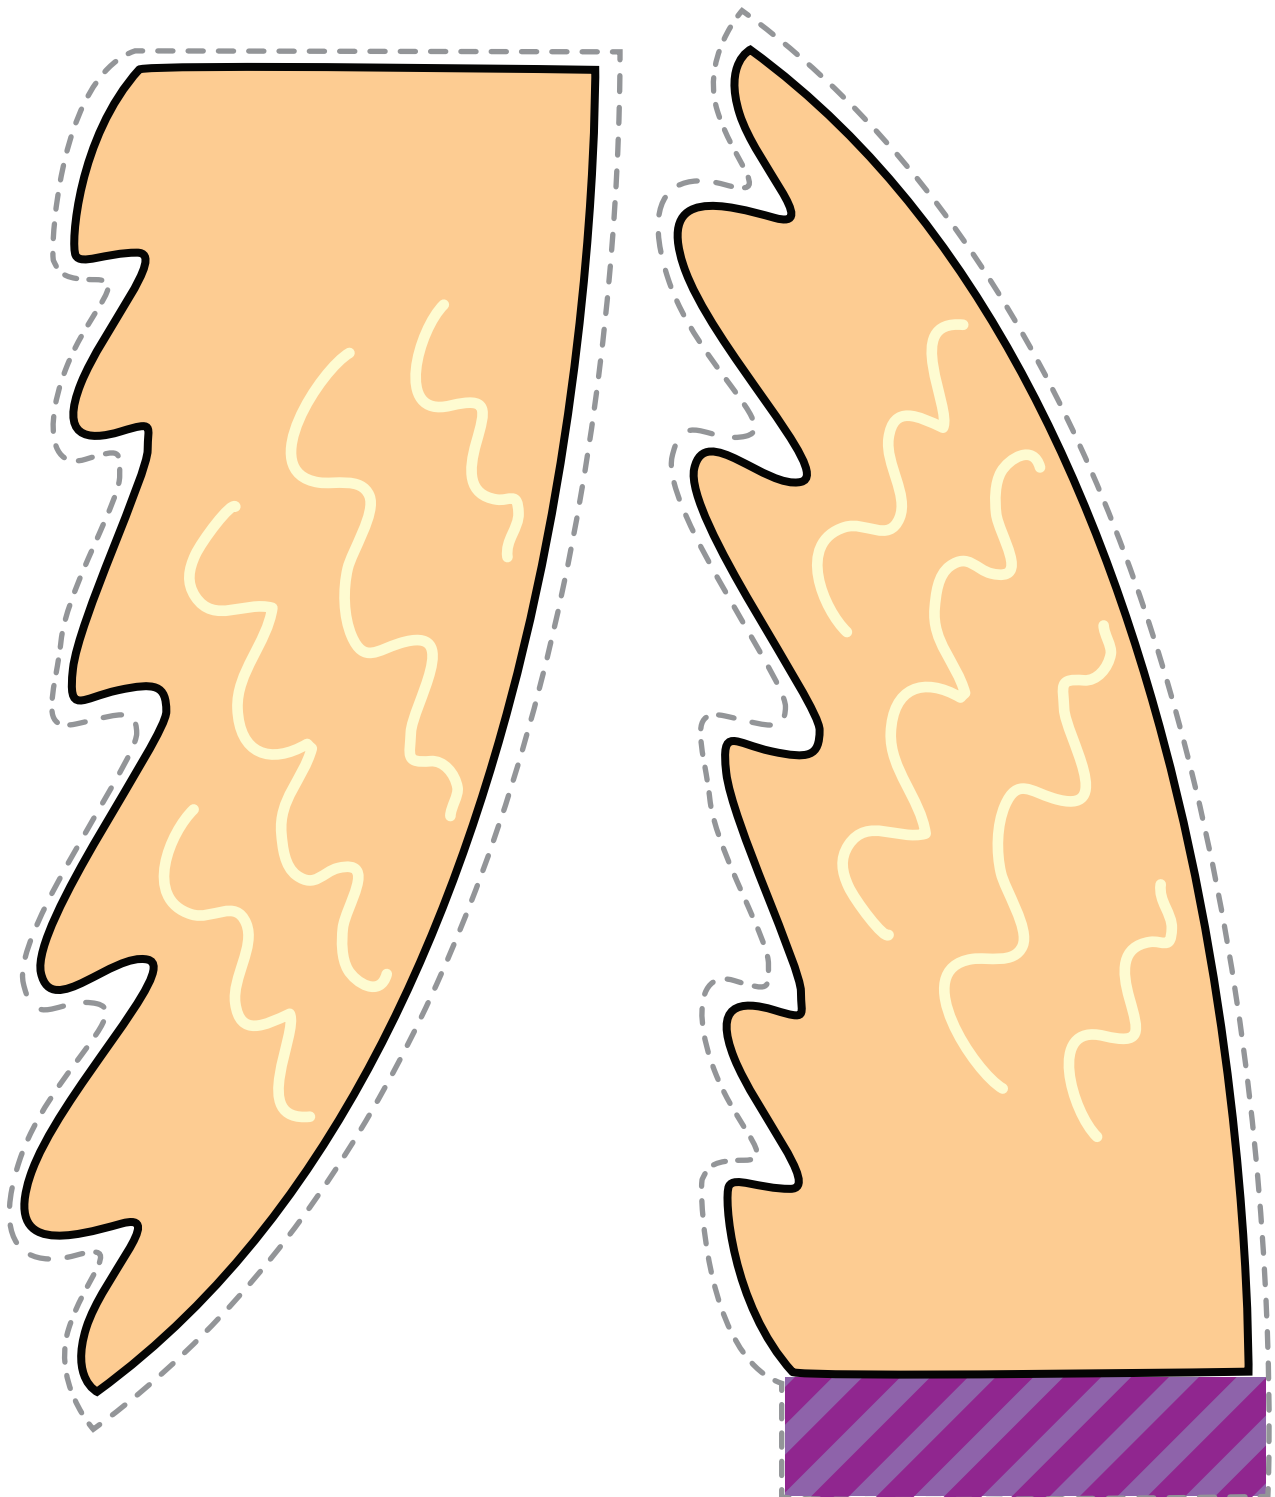

Unit 4 Bird wings

Make some wings for Mouse. Print and cut out the wings on this page and on PM10. Stick left and right wings together for both sets, then stick front and back together. Cut out arm straps, wrap around the top of Mouse's arms, then attach wings to straps.

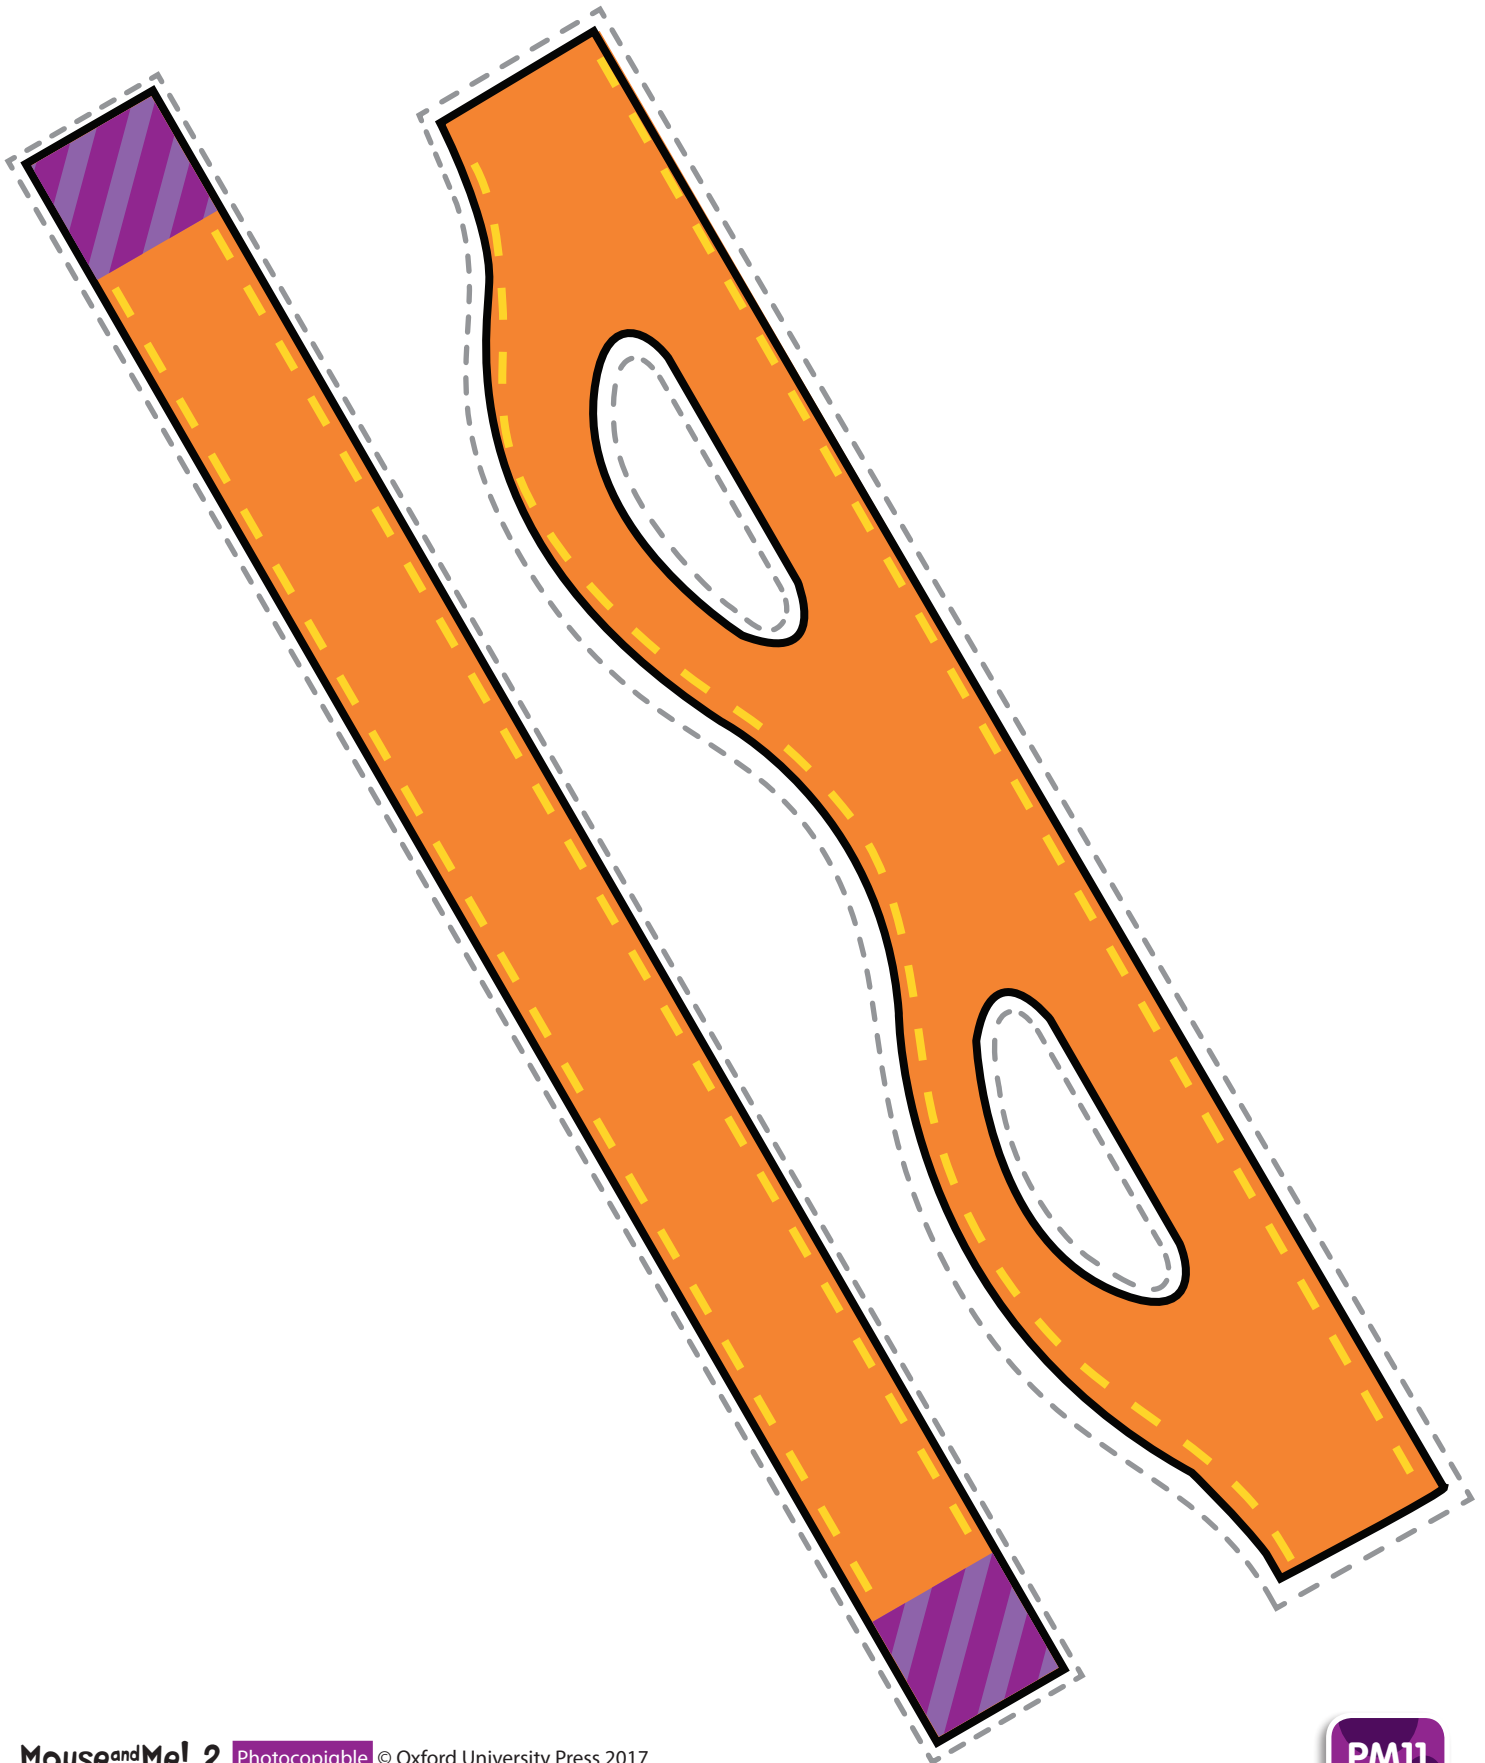

Unit 4 Bird wings

Make some wings for Mouse. Print and cut out the wings on this page and on PM9. Stick the left and right wings together for both sets, then stick the front and back together. These are the back. Follow instructions on PM9 to attach to Mouse.

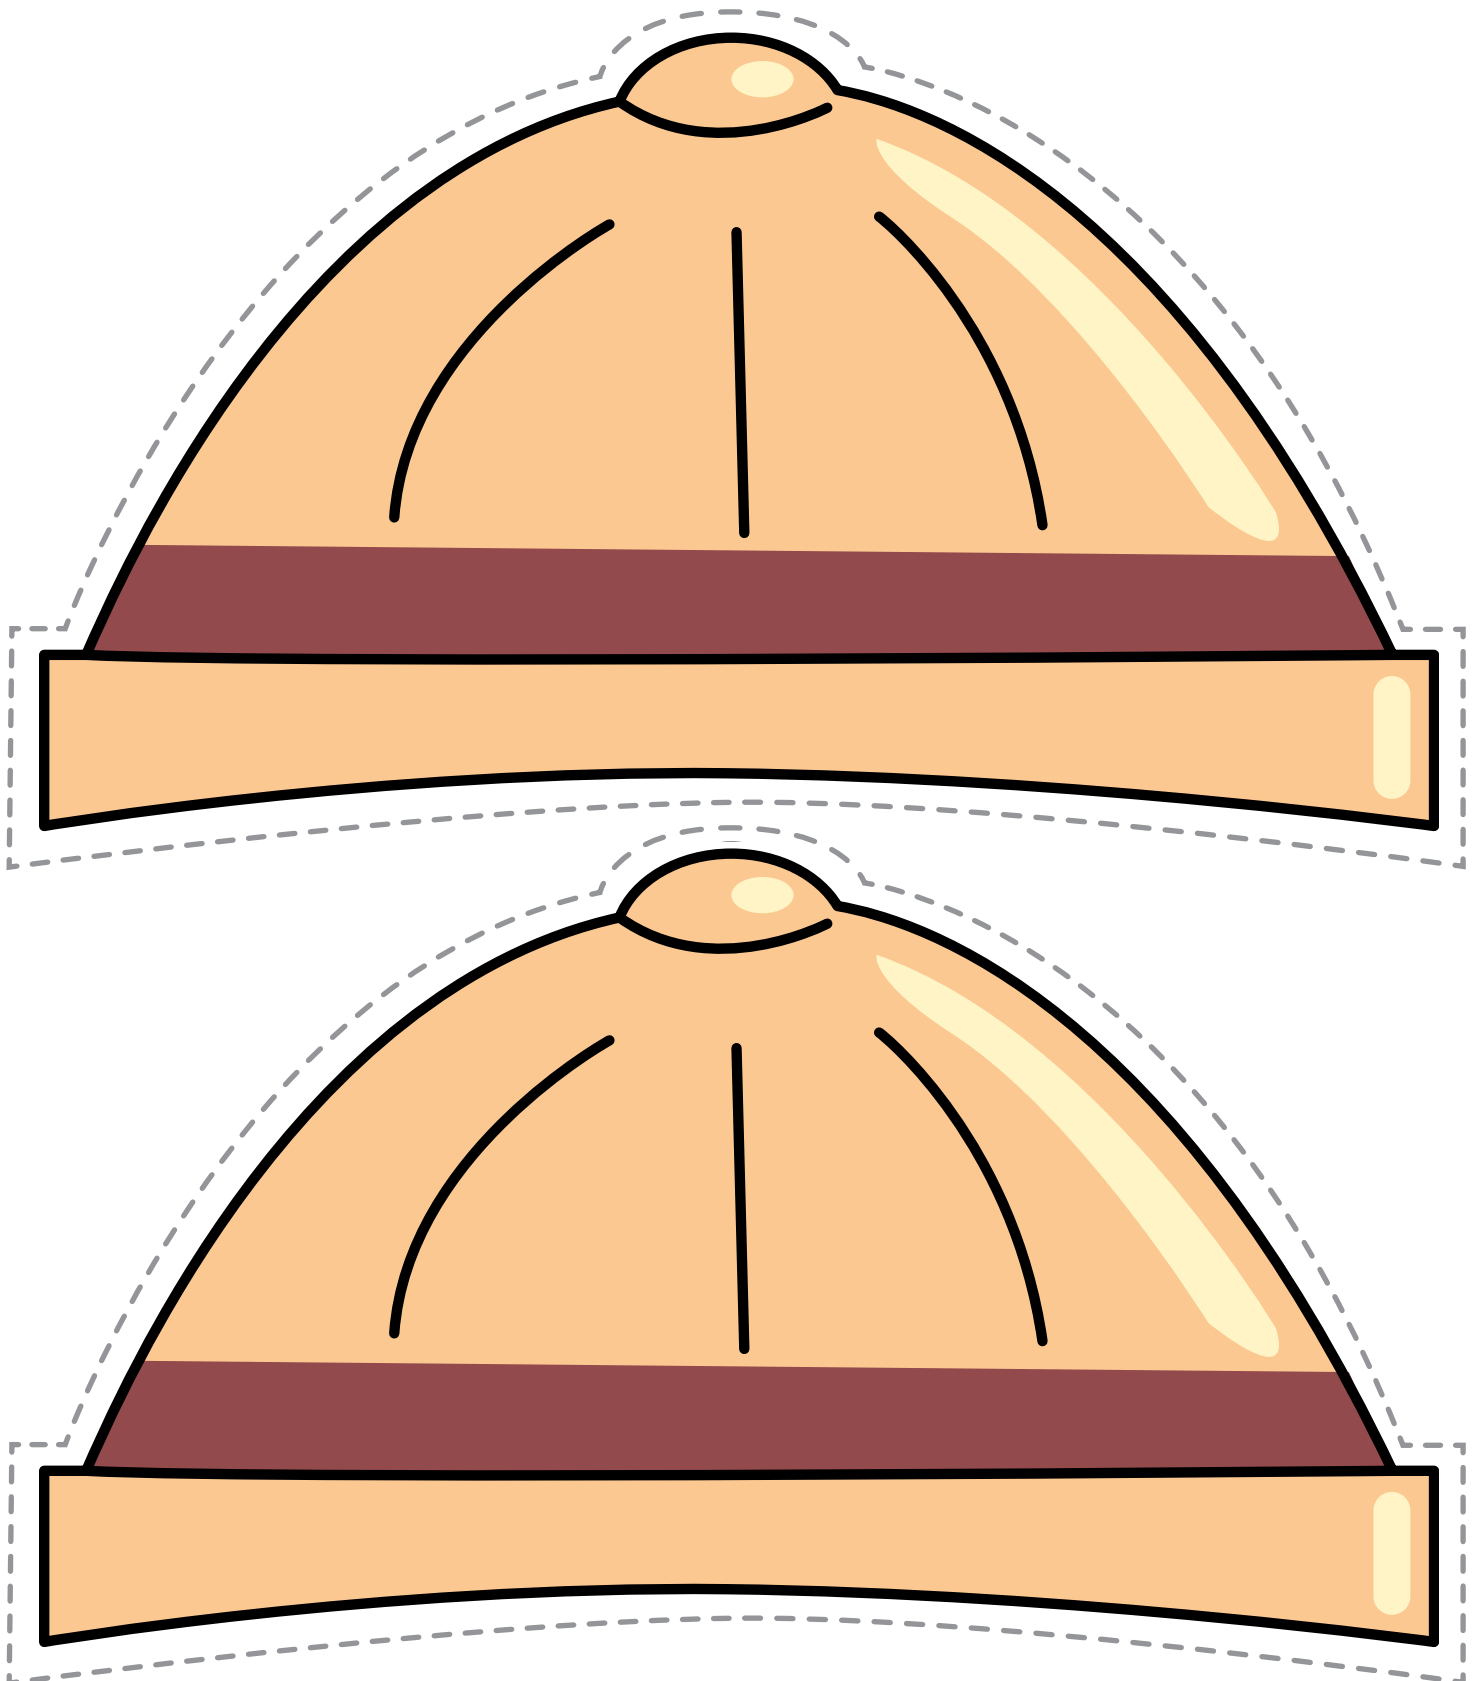

Unit 5 Superhero mask

Make a superhero mask for Mouse. Cut out both pieces of the mask and the eye holes. Stick the pieces together using glue or tape, and then secure the mask around Mouse's head.

Unit 6 Explorer hat

Make an explorer hat for Mouse. Cut out both the front and back of the hat and stick together along every edge except the bottom. The hat fits over one of Mouse's ears. You may wish to strengthen the prop by mounting it on cardboard first.

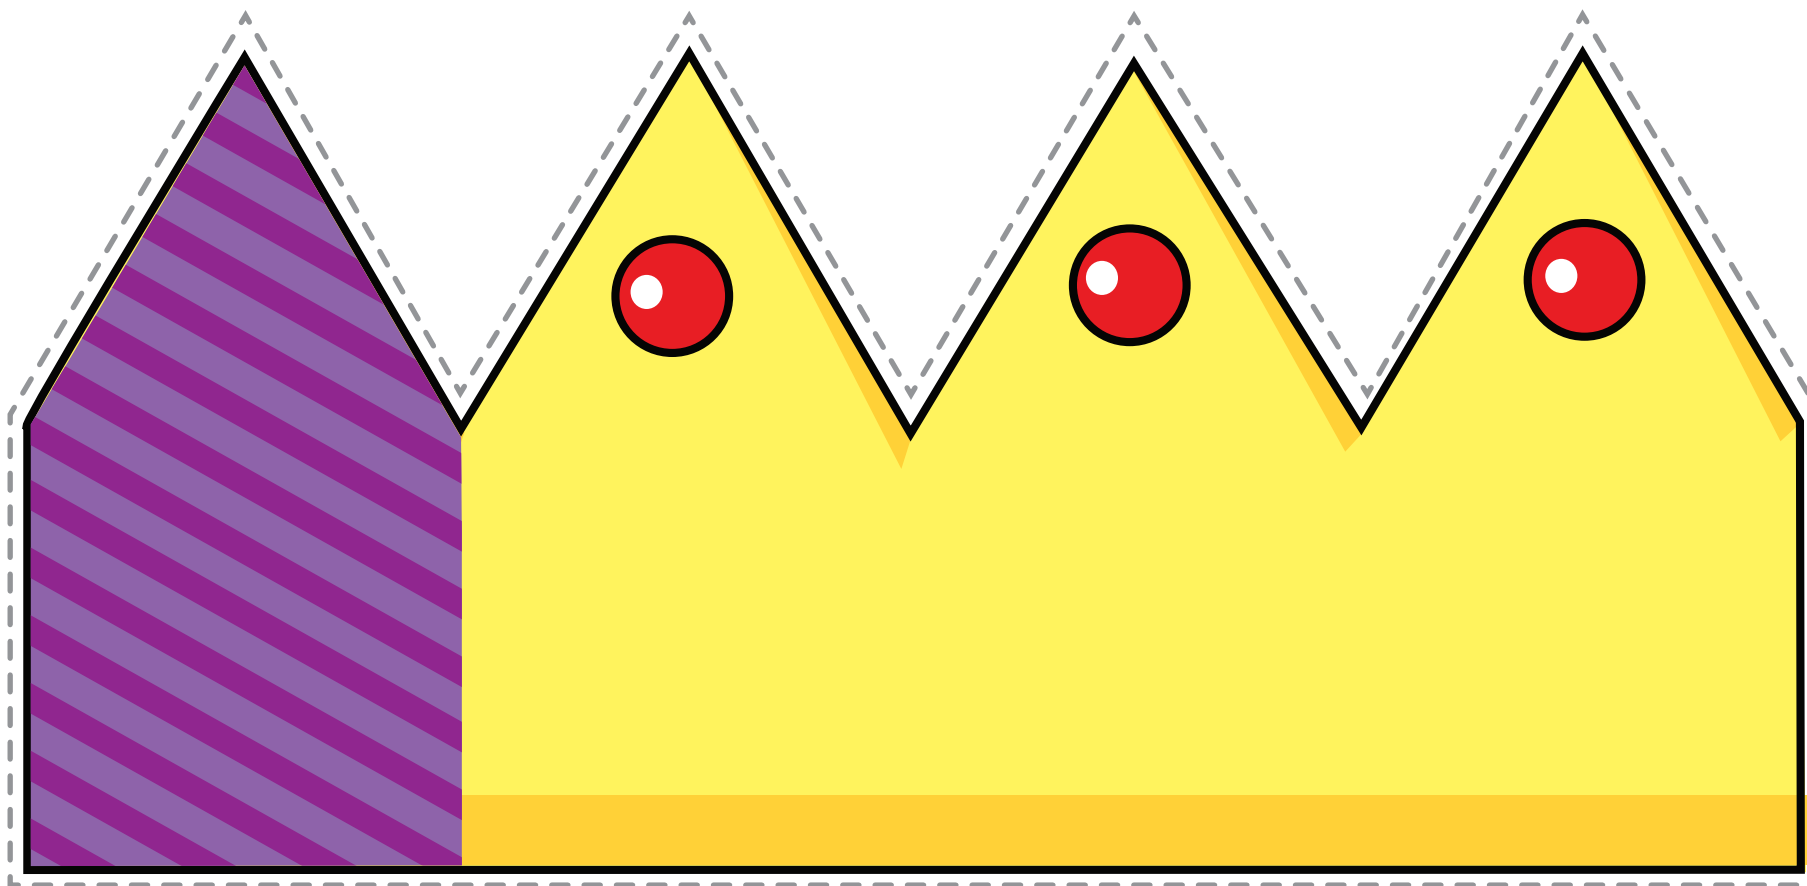

Unit 7 Astronaut badge

Make an astronaut badge for Mouse. Cut out the badge and secure to Mouse using tape or a safety pin. You may wish to strengthen the prop by mounting it on cardboard first.

Unit 8 Crown

Make a crown for Mouse. Print and cut out the crown shape x2 and then stick the two parts together using glue or tape. The crown fits around one of Mouse's ears. You may wish to strengthen the prop by mounting it on cardboard first.

Print x2
